Dear Glen/Mar Construction:

I was asked by Andy Brown to put together a letter of recommendation for Glen/Mar Construction, Incorporated expressing my feelings about the company and the Service Disabled Veteran Owned Small Business Set-Aside program.

I had the opportunity of working with your company, and in particular Andy Brown (project manager), on the BDO Seismic Mitigation contract (NDC050090) as the prime contractor. My experience with your company was much better than I had initially anticipated and in my mind reinforced the positive aspects of the Service Disabled Veterans Set-Aside program.

Glen/Mar Construction is a very professional, organized, and experienced company that has an eye for detail that can be seen in their work. They were very receptive to my demands and worked extra hard to make sure things were done correctly so that we met the requirements of the contract and drawings while making sure things ran smoothly and efficiently.

Glen/Mar Construction, Inc. is one of the best companies in their field of expertise and one of the best contractors I have worked with.

Sincerely,

Daylon Dubkowski
